

## League Play Roster

The first step in the Online Scoring process is to make sure the League Play Roster is correctly completed for the night. If you have made changes since the names were added to the tee sheet, you just need to change the name on the Google Sheet. You can do this before or after play (but this will not change the tee sheet at the course.)

If the name is highlighted RED, you do not have the name correctly entered in the Google Sheet. This could be because of a misspelling, or most common is an extra space " " at the end of the name. You must have the name entered exactly as it appears on the Handicap Sheet for the scoring to work properly.

Monday Night		11	
Team #	Captain	June 17	
1	Tom Moran	Tom Moran	Theran Wicks
2	Tony Zink	Tony Zink	Garry Peterson
3	Greg Read	Greg Read	Dale Maddox
4	Gene Pielin	Mark Hailey	Ed Beck
5	David Spangler	<b>David Spangler</b>	Bryan Beninga
6	Pete Driessen	Pete Driessen	Grant Drennan
7	John Drechsler	John Drechsler	John Lainson

Remove the extra space at the end of the name to fix the issue...

## League Scorecard

Each night has a separate Google Sheet for the weekly scorecard, so please make sure you use the correct link.

The first page of the Scorecard Google Sheet displays all the important information for the week – date, night, front/back nine... It also shows all of the matches and the tee sheet, along with players and current handicaps.

If your match is not correct, you will need to go back to the League Play Roster to update players.

Once both teams confirm the final results on the Google Sheet, there's nothing further needed. If possible, please update the paper scorecard to match the online scoring. The Google Sheet will be used for handicaps & standings.

After all scores are double-checked, the week's results (and YTD results in the 2<sup>nd</sup> Half) will be updated to the League Standings Google Sheet.
